Subject: Nov. ARSG Meeting

Dear Stakeholders – Because of Thanksgiving, we have moved our ARSG meeting from the fourth Tuesday of the month to the third Tuesday, Nov. 17th, at 6:30, Town Hall in Silverton.

We will send out an agenda in a few days, but two of the main topics will be a presentation on the pros and cons of various legal and institutional processes for addressing abandoned mine cleanups (put together by Paul Nazaryk and Bob Arnott); and a discussion of potential water quality standards changes that could be considered for the rulemaking in 2017.

Also attached is an updated list of mine remediation projects that have been done in the upper Animas River basin. There are 61 of them with individual budgets ranging from under \$10,000 to over \$2,000,000. In some cases, there have been multiple projects at one mine site.

Out of the 61, sponsorship breaks down into:

18 by ARSG

17 by Sunnyside Gold Corp.

17 by Federal Agencies

9 by other mining companies

Hope to see you in a couple of weeks.

Peter Butler
